Experience

Mid-Level Frontend Engineer - Seidor | Feb, 2025 - Current

I assist in the development of the company's financial modules, both in the production of new features and in bug fixes and the implementation of continuous improvements, using front-end languages.

Junior Developer - Monocard | Sep, 2023 - Jul, 2024

I assist in the development of the company's platforms, using front-end and back-end related languages such as ReactJs, Typescript, Nextjs, NodeJs, Nestjs and TypeORM.

Development intern - Monocard | Sep, 2021 - Aug, 2023

I assist in the development of the company's platforms, using front-end related languages such as HTML, CSS, JavaScript, ReactJs, Typescript, Nextjs, and the declarative UI Chakra UI.
